Cybersecurity Award - Level 1

On demand

Study Mode: Part-Time / Location: Hammersmith

On demand

Study Mode: Part-Time / Location: Hammersmith

This single-unit qualification is designed to teach learners about cybercrime. It covers key cybersecurity practices, including the principles of vulnerability and penetration testing, as well as user access control.

ENTRY REQUIREMENTS

At enrolment, you will have an interview with our course tutors to ensure the course is right for you.
You may also need to complete an initial assessment in English and maths, depending on your grades.

ASSESSMENT METHOD

Learners are required to produce a portfolio of evidence.

PROGRESSION OPPORTUNITIES

Study further by taking a Level 1 or 2 full time IT qualification.

STUDY METHODS

On-site, in-class study. Learners will be taught by an IT specialist lecturer, in PC suites equipped with all required software applications. The classes will include both theory and practical work allowing learners to learn and develop a broad range of cybersecurity-related skills.
