Courses for 16-18s

“
The best thing about the College is the opportunities that are given to students.”

Sahar
Applied Science

By choosing apprenticeships or vocational courses, such as BTECs, you can confidently take the next steps towards your future, knowing that we will support you every step of the way.

Our courses will help you achieve your goals

- Our teachers have worked or still work in the industries they teach about, which gives them the most up to date knowledge to pass on to you.
- Our facilities and workshops are industry-standard to ensure that when you start working, you get off to a flying start!
- As well as studying for your main course, you will have enrichment trips, visits and work experience opportunities.
- You will study maths and English if you have not already achieved Level 4 in your GCSEs.

You will feel much more independent at College compared to school. Your teachers will expect you to organise your time and planning to get your work done with their support.

Courses for over 19s

Whether you want to learn new skills, progress to university, get into work or improve your career, West London College has a course that can help you take that next step.

Free Courses for Adults

- Many of our courses from Entry Levels to Levels 1, 2 and 3 are FREE, depending on your circumstances.
- You could start at the level that is right for you and progress to a Level 3 course, FREE.
- If you are not eligible for a FREE Level 3 course, you will be able to take out an Advanced Learner Loan. You will not have to start repaying this until you earn over £27,295*.
- By continuing to study as an adult, you will gain the essential skills that employers need, improving your career and salary prospects.

**Subject to eligibility*
