SAFEGUARDING

We are committed to keeping all learners safe while studying at West London College and their wellbeing and growth in the community.

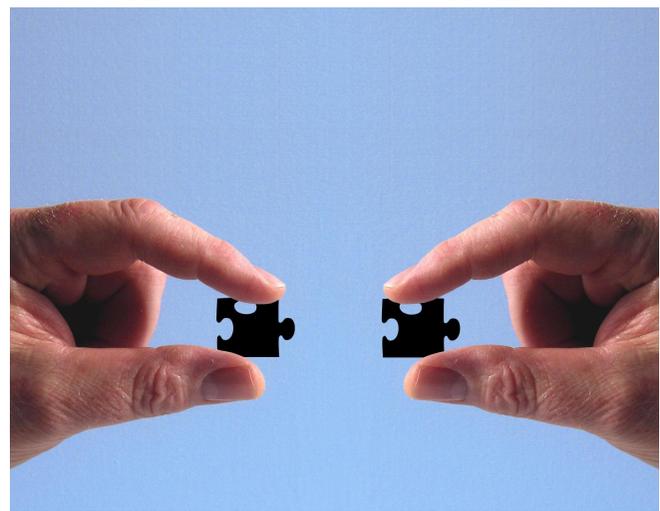

Our Colleges are safe environments where you are free to reach your full potential. We have a team of trained Designated Safeguarding Leads and Safeguarding Officers. You will receive an induction in Safeguarding and Prevent when you begin your studies with us.

CAREERS

All students are given possibilities to explore careers and future opportunities. Support with progression into the next level of study, Higher Education, and employment is available in groups, or one to one in tutorials, workshops and by appointment with the dedicated careers team.

STUDENT FINANCE

All students are encouraged to speak to us about possible financial assistance available while they are studying at the College. If eligible, these funds can go towards travel, equipment, books or course material costs. If you are concerned about how to support your studies while at West London College please contact the student services team who can advise you on what support is available.

ENRICHMENT AND TUTORIAL

We aim for all learners to develop wider holistic skills, and understanding beyond their vocational studies. As a result, we develop an enrichment program, that changes annually in line with national events, to highlight global events and respond to learner feedback to ensure the best possible student life experience.

Our activities range from yoga, sport e.g. basketball and football, language introductions, peer support, workshops with external speakers and businesses and food-based events linked to our tutorial program reviewing healthy lifestyle. Get involved and try new things while on your journey with us.

STUDENT UNION

The Student Union (SU) is made up of elected student representatives. Students can apply for positions such as President, Student Governor and Deputy of Wellbeing in elections that take place mid-term one each year.

These SU representatives take your views and work closely with the Leadership Team to champion important decisions and improve student experience. They also organise events and leisure activities such as employability fairs, guest speakers and talent shows. Get involved and have your say. Members of the SU can apply for a Totum card or download the app which qualifies them for discounts at various shops, restaurants and cinemas.
