

UNDERSTANDING DATA PROTECTION AND DATA SECURITY

Aged 19+ (born
before 01/09/1999)

Lived in the EU
for 3 years

Available
fully funded

Data protection compliance is an essential legal requirement for all organisations. Since the General Data Protection Regulation (GDPR) came into force in May 2018, it is more vital than ever that everyone who works with personal data understands the laws and acts in compliance, as the penalties can be severe.

Benefits

Achieve a nationally recognised Level 2 qualification

Improve your knowledge of data protection and the importance of keeping data secure

Further your professional development with skills that are vital for anyone who handles data

Learn at a time that suits you, without the need to attend college

What you will learn

Current data protection legislation, and how it is applied

Organisational procedures concerning data

Possible threats to ICT systems and data, and how to protect against them

Consequences of not protecting data, and the impact of possible breaches.
